WEST VIRGINIA PULP & PAPER CO.

ITS EMPLOYEES AT LUKE

At 7 a. m. Monday, July 30, in violation of the National No-Strike Pledge and in violation of the existing labor contract between the Company and the CIO a strike was begun. The Williamsburg and Covington mills, covered by the same agreement, were struck at the same time.

HISTORY: In November 1944 the Company entered into a contract with the CIO covering the three mills in Luke, Covington and Williamsburg. This contract provides specifically: "There shall be no strikes, interruptions of work, nor lockouts while this agreement is in effect."

This contract provided that either party could request revision of existing wage rates, whereupon collective bargaining would take place. Such request was made by the Union on June 13, 1945. The parties met on July 6, and it was agreed in writing that negotiations for a new collective bargaining agreement should commence, although the present agreement still had until November 15, 1945, to run. It was agreed that pending negotiations, the present contract would remain in force.

UNION DEMANDS AS UNDERSTOOD BY THE COMPANY

- 1 UNION SHOP—The Union demands THAT ALL present hourly paid employees of the Luke, Covington and Williamsburg mills MUST BECOME and REMAIN members of the CIO in good standing in accordance with ITS Constitution and By-Laws AS A CONDITION OF EMPLOYMENT.
- 2. The Union demands that all employees; such as, hourly paid foremen, watchmen, etc., have a right to belong to the Union and have Union protection.
- 3. The Union demands unlimited payment for grievance procedure
- 4. The Union demands a general increase of 15c per hour, and in addition 6c per hour for shift differentials.
- 5. The Union demands 48 hours paid vacation after one year 96 hours paid vacation after five years' of service.
- **6.** The Union demands six paid holidays.
- 7. The Union demands a Christmas bonus of \$25 for each six months' employee, and \$50 for those with over one year's service.
- 8. The Union demands that the Company provide a paid insurance program for employees' protection.

COMPANY POSITION

- The Company does not agree to this demand because of its traditional policy that each and every one of its employees HAVE A FREE RIGHT OF CHOICE as to whether he shall become a member of any union or no union.
- 2. It is the policy of the Company to recognize the privilege of ANY hourly paid employee to join ANY union, and it was agreed that any hourly paid foreman or watchman could continue to be represented by the Union. It has been agreed that any employee who joins the CIO should continue his membership through the life of the contract, subject to withdrawal within the usual 15 days escape period. The Company also agreed to deduct dues on written authorization from any Union member.
- The Company has offered to pay each member of the grievance committee up to 15 hours per month, for time consumed by them in presenting grievances.
- The Company feels certain that such demands would not be approved by the War Labor Board, under present wage stabilization regulations, but has offered to join the Union in a petition to the War Labor Board for 2c general increase for all employees, and in addition 2c and 4c differentials for all work done on the 2nd and 3rd shifts.
- A similar arrangement is already in existence in one of the company mills and the Company has offered to make this type of arrangement at Luke, Covington and Williamsburg.
- **6.** The present contract provides for two unworked holidays, with pay, per year. The Company has felt it unwise to extend unworked paid holidays during the war, while its production is badly needed by the armed services.
- 7. The Company regards the payment of a Christmas bonus as a good-will gift and does not feel that it should be compelled by pressure to increase its present rate of Christmas bonus.
- 8. Group Life Insurance and sick insurance plans are already in effect, and the Company is not prepared to enlarge on these at this time.

TERMINATION CLAUSE

The present contract provides that either party may make a written request for a general wage revision and that on such request the parties agree to bargain with respect thereto. Should the parties fail to agree at the end of 15 days, either party may terminate the contract by serving written notice. This provision works equally well for the benefit of the Union and the Company.

DIVISION OF TIME

The Company has ONLY one demand —— that the new contract be written so that both parties understand the meaning of each section.

Inis applies particularly to the question of division of time.

The Company did not want a strike and does not want to prolong it. The laws of our land provide for the orderly settlement of a dispute such as this. Disputes, according to such laws, should be referred to the War Labor Board where each side has a full opportunity to present its case. The Company insists that this dispute be settled in the orderly manner provided by law.

Without Painful Backache
Many sufferers relieve nagging backache
quickly, once they discover that the real
cause of their trouble may be tired kidneys.
The kidneys are Nature's chief way of taking the excess acids and waste out of the
blood. They help most people pass about 3
pints a day.
When disorder of kidney function permits
poisonous matter to remain in your blood, it
maycause nagging backache, rheumaticpains,
leg pains, loss of pep and energy, getting up
nights, swelling, puffiness under the eyes,
headaches and dizziness. Frequent or scanty
passages with smarting and burning sometimes shows there is something wrong with
your kidneys or bladder.
Don't wait! Ask your druggist for Doan's
Pills, a stimulant diuretic, used successfully
by millions for over 40 years. Doan's give

Lt. Brown Praises **Elks for Giving** Refresher Course

Lt. Earl H. Brown, of the army air forces who recently returned from a tour of duty in India-China and the South Pacific, expressed his appreciation to Cumberland Lodge No. 63, B.P.O. Elks Wednesday for making it possible for him to get into the air corps by taking the refresher course given by the Elks about three years ago.

Speaking after the regular meeting of the lodge was held, Lt. Brown told the Elks he was glad of the opportunity to appear before them and to thank them personally for helping him to get into the aviation cadets. "You fellows did a lot to put many boys into the air corps and enable them to become air corps officers," he added.

"I found that many of the things I learned in the refresher course," Lt. Brown asserted, "were useful in flying in actual combat against the Japanese.

He was the first Cumberlander to fly a B-29 against the Japs. Harry I. Stegmaier, exalted ruler and F. Marcellus Mullan, esteemed loyal knight, will be delegates from the local lodge to the annual convention of the Maryland, Delaware and District of Columbia Elks Association, which will be held in Washington, D. I'm thinking as I write of those ien acres on the northeast boundary, ine of our ranch. For years, for enturies perhaps, they've lain bare, plasted by heat or frost, scarred by some lost volcano's fangs or some slow giacier's claws. Ten acres of ripped, sterile land which bore no arvest, burst into no bloom through all the years. Dead acres because, beneath the surface soil, there lay layer of "hard pan" through which no root could penetrate.

And then two years ago we broke that hard pan seal—released the fruitful earth beneath it by blasts

Beloved Musician Dies **Bucs Offer Contracts**

Brockman Boos His Dad Pollution To Be Probed

By C. V. BURNS

The death of Prof. William H. brought back memories of the days when McIlwee's band provided music before games and during intermission at the old K. of P. armory in Keyser, W. Va., when Blake G. "Spooks" Lytle's Keyser Collegians were the monarchs of basketball in

Prof. McIlwee was a bandmaster of note and was head of the Music department at Handley high school, Winchester, Va., having gone there about twenty years ago from his native Keyser. He was also leader of the Winchester City Band.

Henry "Dutch" Dehnert, one of the nation's outstanding professional basketball players, who was with the Original Celties when they played the Keyser Collegians there almost a quarter of a century ago, never forgot that band. In later years when he came through here with the Cleveland Rosenblums, "Dutch' recalled the "snappy band" that played in the balcony at Keyser the night the great New York club played there. "I'll never forget it," Dutch added.

Sydney Smith once wrote: "All course. musical people seem to be happy."

How long will it take to beat

One Year? Three Years? Five Years? Look at these Facts... From the Army and Navy. Then Figure it Out for Yourself!

In spite of Midway, Bougainville, Tarawa, Saipan, Leyte, Manila, Iwo Jima, Okinawa, and all the other American victories, Japan now controls an area and population far larger than the United States, and with many natural resources greater

Her home islands are industrialized and organized to the last rivet, the last kilowatt of power, the last pair of human hands.

Japan can put in the field over 4,000,000 well-trained, battle-hardened troops, many with ten years of war behind them. This force is twice as large as all the German armies which defended France, the low counwies and the Western front of the Reich against the combined armies of the United States, Britain, Canada and the Free French.

Back of these soldiers are more than 70 million civilians on the Jap home front, firmly indoctrinated in emperor worship-every man, woman and child ready and eager to die for the man they believe is a god.

Japan is fighting on "interior" lines. It's true that its fleet is now much smaller than ours. But never forget that the U. S. Navy bas a much bigger job to do.

The Japs have stated, and no thinking man or woman doubts it, that they are prepared to sacrifice 10,000,000 men to hold their empire. To the Japanese, life is cheap. The emperor and the state mean everything-the individual, nothing.

If the war were to end tomorrow, Japan would have put the seal on a conquest greater than Napoleon's.

'But," you say, "the war with Japan won't end tomorrow."

Well, what about it? Will it end "tomor-
